- Previous Minutes: On the website
- Finances: Morgan going over the FOS finances. Going over the team balances. Important to note that the FOS celebration will be our biggest revenue generator. Pay it forward with the grad fund. What you find, replace for the next graduating class.
- Insurance: update on policy currently in place: general liability covered. Need reimbursement for that liability. How will we charge for the insurance premium? Question: If we get rid of this, do we lose our liability. We might have \$157 if it goes away. Switched to individual event riders for insurance. Insurance will come out of general fund unless the group specifically requests it.

- Celebrate South: February 24th Venue 252: 7:15-9:00.: Instagram page/Facebook/Instagram, Marketing: Events, representation for the athletics—should the teams buy the table? Business who can sponsor the table? More students attending the event. Volunteering there.
