About Barrel Bottling at RainSong Vineyard

At RainSong Vineyard we offer a unique program which allows customers to purchase and bottle a barrel of our wine, giving them a hands-on wine-making experience. We offer our own Estate wines as well as wines we make from regionally grown grapes at or below wholesale-prices.

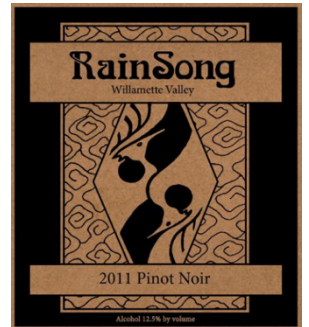

For those of you who are new to the program, here's how it works. You and your group agree to purchase a full barrel of wine (about 25 cases of 12 bottles each). You choose a wine and set a date for your bottling here at the winery. You and your group bottle your barrel with our assistance and with all supplies provided. Bottling a case takes about one hour and previous groups have had a great time operating the filler and the corker.

The wine comes with a simple label that meets government requirements and which can become a back label if you choose to make up your own "house wine" label. After bottling, most groups enjoy a potluck picnic and wine tasting.

RainSong can be tricky to find. Mapquest and GPS are not always reliable for getting here in the most efficient manner. This map seems to help.
